CAEI offers visa assistance to prospective international students by issuing the necessary supporting documents to support their applications for a U.S. international student visa. The visa assistance offered by the school is free of charge.

English Proficiency Requirement

There are no English proficiency requirements in order to be admitted to the programs and courses at CAEI. All enrolled students are required to take the English Placement Test to evaluate and determine the appropriate program or level for the student.

Language of Instruction Other than English

All instruction in the programs and courses offered at Cal America Education institute will be conducted in the English language. There are no other languages used in the medium of instruction.

Extension of Program

Students must notify CAEI to request to extend your course of study prior to the date stated on the Form I-20 with a required new financial statement. CAEI may or may not grant the request by determining your eligibilities (grades, attendance rate, and academic progress) to extend your program. Students may study at CAEI for a maximum of two years to pursue English language training.

Termination of F1 Status

The student's status may be terminated by the Designated Signing Officer (DSO) of CAEI for the following reasons:

1. Failure to maintain satisfactory academic progress.
2. Failure to maintain the student code of conduct after a warning period.
3. Failure to maintain the minimum attendance requirements.
4. Failure to settle financial obligations to the school.

For F-1 Students.

To maintain legal status in the United States, F-1 students must attend CAEI full-time and conform to the attendance policy. If an F-1 student fails to maintain minimum attendance requirements, the student shall be terminated and reported to the Student and Exchange Visitor Information System (SEVIS).

Attendance

As an institution, CAEI expects students to attend school every day. When a student misses class, s/he not only falls behind on new material, but s/he misses the hands-on repetition that is so important in learning new skills.

If a student does not have cumulative attendance of at least 80% at the end of any session, he or she will be placed on Probation for the next session. The student must meet with the School Official and abide by the terms outlined in the Probation notice. At the end of the session on Probation, the student must be making progress toward meeting the 80% cumulative attendance requirement for the term and have met all of the terms of the Attendance Probation. Failure to do so may result in termination from school. After no more than two sessions on Probation, the student must meet the 80% cumulative attendance requirement, or he or she will be dismissed from school. If a student does not agree with any of the attendance data, he or she must submit a written appeal to the school official within one week of the Probation notification.

A student who is absent for ten (10) consecutive class days or fourteen (14) consecutive calendar days without an approved leave of absence will be terminated.

Any student dismissed for attendance related reasons—consecutive absences, failure to maintain the 80% cumulative attendance, excessive tardiness or early departures, failure to meet the terms of attendance probation, or failure to return from a leave of absence—may restart classes in the next quarter only with the School Official's written authorization.

Tardiness and Early Departure

CAEI expects students to be in class on time to school every day. When a student arrives late to class, s/he not only misses the material that has been presented, but s/he disrupts both the instructor and her/his fellow students. If a student misses a portion of a class due to either a late arrival or an early departure, the instructor will record a Tardy.

Leave of Absence

A leave of absence must not exceed 4 weeks other than for medical reasons that are supported by a physician's statement. The maximum leave for "Leave of Absence" is 90 days in a 12-month period or one-third of the enrolled program's length, whichever is shorter. Leave of Absence is only granted to students with satisfactory academic progress who have an emergency situation, such as a serious illness or a death in the immediate family. A student must provide documentation to support the emergency situation, and a written request must be given to the Student Services staff. Multiple leaves and/or an extension may be permitted and it is provided in writing.

Any student on an extended leave of absence greater than 4 weeks may require retesting upon reentry.

Vacation

An F-1 Student may take a leave from regular course study and still be considered in-status in the form of an annual vacation if the student is eligible and intends to register for the next term. A student is eligible after he/she completes three consecutive courses or the equivalent of one academic year in good-standing. The annual vacation is limited to 12-weeks in any 12-month period or one-half the published program length, whichever is shorter.

Make-up Class

There are no make-up classes given at Cal America Education Institute. If a student misses class, he/she will be expected to make up the missed coursework within two (2) days of the excused absence. Exams, however, are mandatory and must be rescheduled with the instructor if missed.

Scholastic Performance

Grading System

The instructor determines the course requirements and methods of evaluating student performance. Grades can be given for attendance, quizzes, tests, oral or written projects, reports, and standardized tests. Instructors will inform students of the class requirements and the grading procedures at the beginning of the course. At the end of each quarter, the Director of Operation posts students' grades for every course undertaken.

Standard letter grades are used and the conversion equivalents of the grades are shown in the following table:

Grade	Description Grade	Point
A	Excellent	4.0
B	Above Average	3.0
C	Average	2.0
D	Below Average	1.0
F	Failed	0.0
I	Incomplete	N/A
NG	No Grade	N/A
P	Passed	N/A
W	Withdrawal	N/A

Incomplete (I)

"I" is given to students who, in the judgment of the Instructor, are unable to complete the requirements of a course before the end of the quarter because of unforeseen circumstances and justifiable reasons. This grade is recorded on the transcript but does not affect the grade point average.

No Grade (NG)

"NG" represents no grade and indicates that the instructor did not submit a final grade at the time grades were due. A grade of "NG" is recorded in consultation with the Office of the Registrar. An "NG" must be converted to a final grade by the end of the next quarter.

Withdrawal (W)

Students may withdraw from courses during the first two weeks after classes begin without affecting their grade point average. Students thereafter are required to obtain a permit from the administration office to withdraw. Withdrawal from enrolled classes after the first two weeks with the proper withdrawal procedure will result in a "W" grade recorded in the official transcript. No withdrawals are permitted during the final three weeks of instruction except in cases such as accident or serious illness. A grade of "F" will be automatically entered in the grade report if the student does not attend the final three weeks of class without being excused. Withdrawal grades are not included in the GPA. A refund of tuition, if any, will be made in accordance with the refunds policy stated in this catalog.

Grade Changes

A grade of "F" (Failed) may be remedied by repeating the course. Any course with a grade of less than "C" may be repeated. In consultation with the Academic Director, a student may repeat any course. If a higher grade is earned in the repeated course, the lower grade will be removed from the record. All grades are final with the exception of those recorded through mechanical error or through an error in the calculation of a grade by an instructor. Otherwise, they will remain as reported on a student's transcript.

All requests for grade changes must be submitted to the Registrar's office by the instructor within two weeks following the date of issuance of the grade in question.

Satisfactory Academic Progress

The student must maintain a cumulative GPA (grade point average) of at least 2.0 in any given quarter. The student will be on probation if the student's cumulative GPA falls below 2.0. Students are evaluated and given a final grade at the end of each quarter. Grades will be based on class assignments, participation, homework, quizzes, test scores, and a final exam. Those who have not passed will meet with a student advisor and discuss what steps are necessary in order to pass the course/level.

Probation

Students who do not maintain satisfactory academic progress will be placed on probation for one (1) quarter. Satisfactory progress is defined as maintaining a cumulative GPA of 2.0 or above. All students placed on probation will be counseled by their student advisor and will be given assistance, if needed, in order to improve their grades. At the end of one quarter probationary period, if the academic record is not in compliance with the standards of academic progress, the student will be dismissed.

Mitigating Circumstances

The school may waive interim satisfactory standards for circumstances of poor health, family crisis, or other significant occurrences outside of the student's control. These circumstances must be documented and it must be demonstrated by the student that they had an adverse impact on the student's satisfactory progress in the academic program.

Appeals

Should a student disagree with the application of these standards of satisfactory progress, he/she must first discuss the problem with his/her respective instructor(s). If the student is still unsatisfied, he/she may then appeal to the Academic Director (AD). The decision of the AD is final and may not be further appealed.

Student Rights

Cal America Education Institute adheres to equitable and reasonable practices in all student affairs including the delivery of educational programs, provision of student services, and the timely resolution of disciplinary matters, as well as the handling of grievances. The school is open to all students according to its published policies and standards. Upon enrollment, each student has access to all services and facilities for which he or she is qualified.

The Right to Appeal

Students have the right to appeal any academic policy or requirement if either of the following conditions are present:

1. Extenuating circumstances make it impossible to comply with the policy or requirement.
2. An undue hardship would result from a strict application or interpretation of the policy or requirement. Extenuating circumstances must be beyond the student's control and that undue hardship must be a condition far more serious than simple inconvenience. Documentation will be required and the timeliness of the appeal will be taken into consideration. Appeals related to an academic policy or requirement must be submitted to the Academic Director (AD) for review and action.

Family Educational Rights and Privacy Act (FERPA) of 1974, as amended

This institution complies with the Family Educational Rights and Privacy Act (FERPA), which provides students certain rights related to their educational records. The following is a description of those rights:

The right to inspect and review the student's educational records within 45 days of the day the Institution receives a written request for access. Students should submit to the President written requests that identify the record (s) they wish to inspect. A School Official will make arrangements for access and notify the student of the time and place where the records may be inspected.

The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to institution officials with legitimate educational interests. An institution official is a person employed by the institution in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff). A person or company with whom the Institution has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another institution official in performing his or her tasks. An institution official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. Upon request, the Institution discloses educational records without consent to officials of another institution in which a student seeks or intends to enroll.

Directory information is information that may be unconditionally released to third parties by the school without the consent of the student unless the student specifically requests that the information not be released. The school requests students to present such requests in writing within 10 days of the date of enrollment. Directory information includes the student's name, address(s), telephone number(s), birth date and place, program undertaken, dates of attendance, and certificate or diploma awarded.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by this Institution to comply with the requirements on file is as follows:

Family Policy Compliance Office
Department of Education,
600 Independence, SW
Washington, DC 20202-4605.

** Note: The FERPA does not apply to international students.*

The Right to Access Records

With a few exceptions provided by law, students may see any of their school records upon request. Access must be granted no later than 15 working days after written request. Students also have the right to challenge the contents of their educational records and to enter their viewpoints in the records under established procedures.

Disclosure of Student Records

With several exceptions provided by law, CAEI cannot release information concerning students to third persons without the written consent of the student. Permission must be given by the student for information in their file to be used as reference checks for credit or employment evaluation by third parties and the student must file a declaration to this effect, which will be kept in the student's file(s). The declaration can be all-inclusive or on a case-by-case access basis. (The provision of financial data to authorized agencies is not a violation of the Buckley Amendment). The student's written consent is not required for the disclosure of grades, disciplinary action, or other information to parents of students who are dependents for federal tax purposes. Parents requesting information may generally be granted access upon submission of a signed statement to the CAEI or other evidence of federal income tax dependency.

Retention of Student Records

In addition to permanently retaining a transcript as required by section 94900(b) of the Ed. Code, the institution shall maintain for a period of 5 years the pertinent student records described in Section 71920 from the student's date of completion or withdrawal.

Student Grievances and Grievance Procedures

It is the policy of the school to manage all student issues and grievances productively and in a fair and equitable forum. Students who feel aggrieved in their relationships with the school, its policies, its practices and procedures, or its faculty and staff should submit their grievance in writing to the Academic Director (AD), who will act upon it, or direct it to the concerned parties. A response will be made within five (5) working days upon receipt of the written grievance.

Dismissal of a student will require prior formal hearing. Should the student/s feel aggrieved with the AD, a petition should be addressed and submitted to the Chief Executive Officer (CEO), who, if necessary, will arrange a hearing with the school administrators for the student and the AD. Any questions or problems concerning this procedure which have not been satisfactorily answered or resolved by the school should be directed to:

Financial Aid / Title IV

Cal America Education Institute does not participate in any financial aid program.

Loans

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.

If a student has received federal financial student aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid program funds.

STUDENT'S RIGHT TO WITHDRAW AND TUITION REFUND POLICY

In accordance to Section 94909(a)(8)(B) of the California Education Code, the student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later.

The student will be refunded full amount of all monies paid less \$100 application fee if he/she is a new student and \$100 registration fee if he/she is a continuing student.

The student may withdraw from a course after instruction has started and receive a pro rate refund for the unused portion of the tuition and other refundable charges if the student has completed 60% or less of the 12 weeks quarter period. The refund shall be the amount of tuition paid multiplied by a fraction, the numerator of which is the number of class hours of instruction which the student has not received but paid for, and the denominator of which is the total number of class hours of instruction for which the student has paid. The student will not get a refund after more than 60% of the instruction of that quarter has been presented. The institution shall advise each student that any notification of withdrawal or cancellation and any request for a refund is required to be made in writing and that a withdrawal may be effectuated by the student's written notice or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Cal America Education Institute shall pay or credit refunds due on a reasonable or timely basis, not to exceed thirty (30) days following the date upon which the student's cancellation has been determined.

Refund Example

Assuming that a student paid \$1,000 tuition for Intensive English Language - Beginner program for 240 hours and withdrew after completing 120 hours; the refund will be calculated as follows:

$$\begin{array}{r} \$1,000.00 \times \frac{(240 \text{ hours} - 120 \text{ hours of attendance})}{240 \text{ Hours}} = \$500.00 \text{ (Refund Amount)} \end{array}$$
